## **BORN & BRED - ERRATA**

### **HILD**

The numbers for Q should be:

250, 256, 264, 274, 284, 296, 304, 322, 328, 336, 354, 360, 372, 390

### **ROSEBERRY**

The stitch in column 3 of line 21 in the chart should show a black dot. It is a knit stitch worked on a wrong side row.

### **WETWANG**

There is a formatting error in the instructions for the hip increases. Please ignore the rogue underscore and parentheses - the instruction should simply read 'until you have worked 8 increase rounds in total'.
